EN Long-standing and solid experience in the bespoke processing of Italian ceramic slabs.
We have always been oriented towards research and attentive to emerging trends.
Batex constantly invests in the improvement of technologies, machinery, and production environments, using high-quality components.
Excellence, customization, and speed of execution represent our strengths, along with the ability to meet every request and adapt to the most diverse needs.

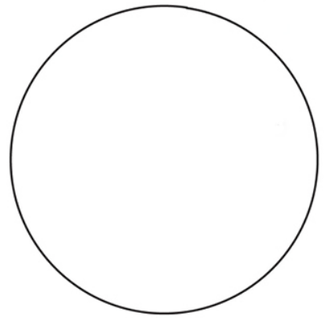

IT Lunga e solida esperienza nella lavorazione su misura della lastra ceramica italiana.
Da sempre orientati alla ricerca e all'attenzione per le tendenze emergenti.
Batex investe costantemente nel miglioramento di tecnologie, macchinari e ambienti produttivi, utilizzando componenti di alta qualità.
Eccellenza, personalizzazione e rapidità di realizzazione rappresentano i nostri punti di forza, insieme alla capacità di soddisfare ogni richiesta e di adattarci alle esigenze più diverse.

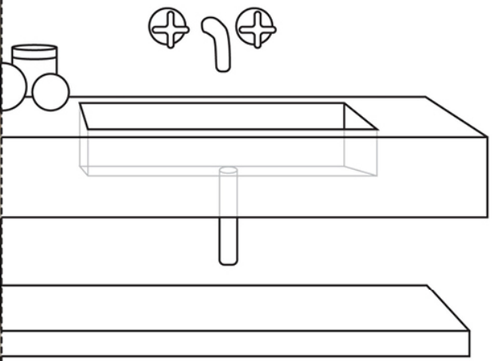

FR Une expérience solide et de longue date dans le travail sur mesure des plaques céramiques italiennes.
Nous avons toujours été orientés vers la recherche et attentifs aux tendances émergentes.
Batex investit constamment dans l'amélioration des technologies, des machines et des environnements de production, en utilisant des composants de haute qualité.
L'excellence, la personnalisation et la rapidité d'exécution représentent nos points forts, ainsi que notre capacité à satisfaire chaque demande et à nous adapter aux besoins les plus variés.

DE Langjährige und fundierte Erfahrung in der maßgeschneiderten Verarbeitung italienischer Keramikplatten.
Wir sind seit jeher auf Forschung ausgerichtet und achten auf aufkommende Trends.
Batex investiert kontinuierlich in die Verbesserung von Technologien, Maschinen und Produktionsumgebungen und verwendet dabei hochwertige Komponenten.
Exzellenz, Individualisierung und schnelle Umsetzung zählen zu unseren Stärken, ebenso wie die Fähigkeit, jede Anfrage zu erfüllen und uns an unterschiedlichste Anforderungen anzupassen.

EN Custom-made furniture allows every solution to be perfectly adapted to the available space, technical installations, and individual aesthetic preferences, creating bathroom furnishings that integrate seamlessly into the environment.
Thanks to the versatility of porcelain stoneware, we create bespoke furniture and custom-made elements with precision and attention to detail, combining functionality, durability, and contemporary design to deliver unique solutions with a strong visual impact.

IT Il mobile su misura permette di adattare ogni soluzione agli spazi, agli impianti e alle preferenze estetiche, creando un arredo bagno perfettamente integrato nell'ambiente.
Grazie alla versatilità del gres porcellanato, realizziamo mobili e lavorazioni su misura con precisione e cura dei dettagli, unendo funzionalità, resistenza e design contemporaneo per dare vita a soluzioni uniche e di grande impatto estetico.

FR Le mobilier sur mesure permet d'adapter chaque solution aux espaces disponibles, aux installations techniques et aux préférences esthétiques, créant ainsi un aménagement de salle de bains parfaitement intégré à son environnement.
Grâce à la polyvalence du grès cérame, nous réalisons des meubles et des éléments sur mesure avec précision et souci du détail, en associant fonctionnalité, résistance et design contemporain pour créer des solutions uniques à fort impact esthétique.

DE Maßgefertigte Möbel ermöglichen es, jede Lösung optimal an die vorhandenen Räume, technischen Installationen und individuellen ästhetischen Wünsche anzupassen und so eine harmonische Integration in das Badezimmer zu schaffen.
Dank der Vielseitigkeit von Feinsteinzeug fertigen wir maßgeschneiderte Möbel und individuelle Elemente mit höchster Präzision und Liebe zum Detail. Dabei verbinden wir Funktionalität, Widerstandsfähigkeit und modernes Design zu einzigartigen Lösungen mit einer besonderen ästhetischen Wirkung.

EN The wooden packaging includes all the necessary components for installation, such as support elements and screws, ensuring stability and easy assembly. All materials are carefully selected and organized to provide optimal protection during transport, reducing the risk of damage and simplifying installation procedures. The packaging system is designed to make installation faster, more intuitive, and safer, even in professional environments.

IT L'imballo in legno include tutti i componenti necessari per l'installazione, come elementi di supporto e viti, garantendo stabilità e facilità di montaggio. Tutti i materiali sono accuratamente selezionati e organizzati per assicurare una protezione ottimale durante il trasporto, riducendo il rischio di danni e semplificando le operazioni di posa. Il sistema di imballaggio è studiato per rendere l'installazione più rapida, intuitiva e sicura anche in contesti professionali.

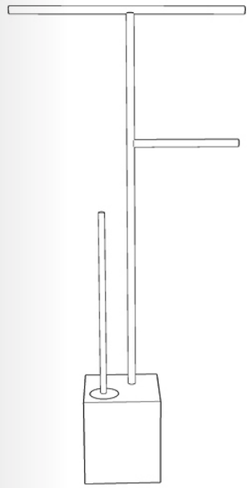

FR L'emballage en bois comprend tous les composants nécessaires à l'installation, tels que les éléments de support et les vis, garantissant stabilité et facilité de montage. Tous les matériaux sont soigneusement sélectionnés et organisés afin d'assurer une protection optimale pendant le transport, réduisant les risques de dommages et simplifiant les opérations de pose. Le système d'emballage est conçu pour rendre l'installation plus rapide, intuitive et sécurisée, même dans des contextes professionnels.

DE Die Holzverpackung enthält alle für die Installation erforderlichen Komponenten wie Stützelemente und Schrauben und gewährleistet Stabilität sowie eine einfache Montage. Alle Materialien werden sorgfältig ausgewählt und organisiert, um einen optimalen Schutz während des Transports zu gewährleisten, das Risiko von Schäden zu reduzieren und die Installationsarbeiten zu vereinfachen. Das Verpackungssystem ist darauf ausgelegt, die Installation schneller, intuitiver und sicherer zu machen, auch in professionellen Umgebungen.

EN And the latest-generation ceramic stoneware, produced by the best Italian manufacturers, is the protagonist of our bathroom furniture.
The lack of handles has recently become a choice that enhances the material; it's a major step forward, giving the furniture a new, cleaner look. The linear 45° groove opening offers greater ease of use and a new aesthetic, and the ceramic stoneware countertop with integrated sink and slide.

IT E il gres ceramico dell ultima generazione, prodotto dalle migliori industrie italiane protagonista nei nostri mobili da bagno.
L'assenza della maniglia è ultimamente una scelta che valorizza la materia, è un grande passo che porta il mobile in un nuovo aspetto nuovo più pulito e aperturalineare a gola con la lavorazione 45° offre più confort d'uso e un aspetto estetico nuovo e piano top in gres ceramico con vasca integrata scivolo.

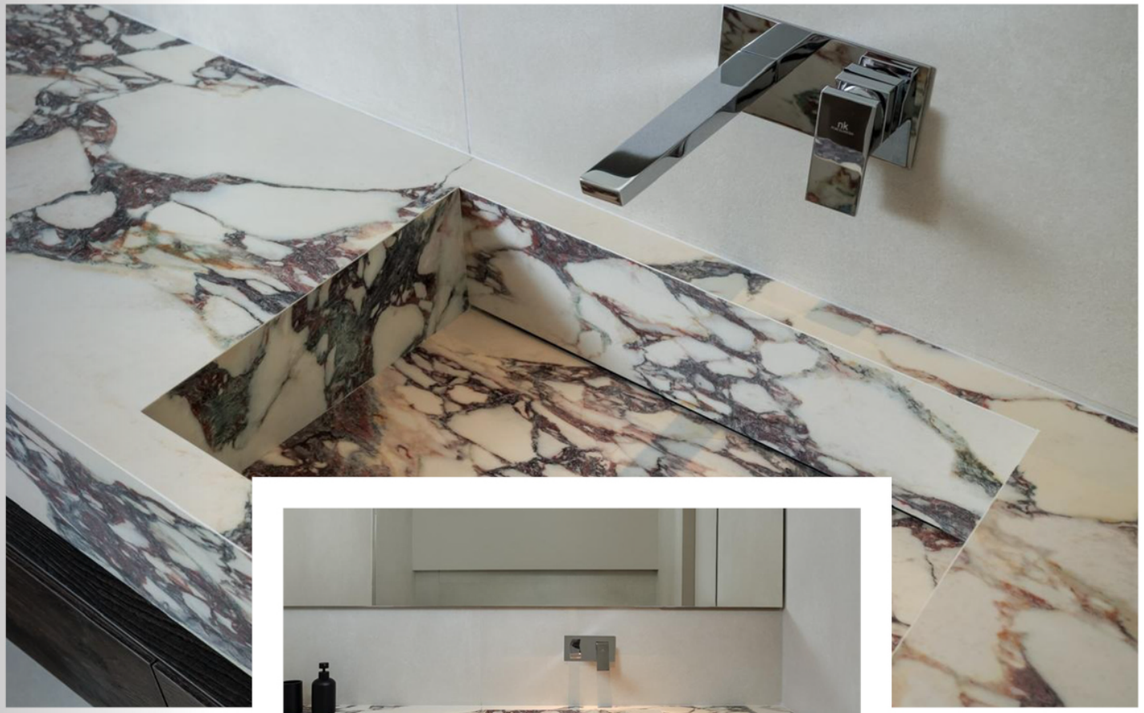

FR Le grès cérame de dernière génération, produit par les meilleures industries italiennes, est le protagoniste de nos meubles de salle de bain.
L'absence de poignée est aujourd'hui un choix qui met en valeur la matière : c'est une évolution importante qui confère au meuble un aspect nouveau, plus épuré et linéaire.
L'ouverture à gorge, avec une finition à 45°, offre un plus grand confort d'utilisation ainsi qu'une esthétique moderne.
Le plan supérieur en grès cérame avec vasque intégrée à écoulement incliné complète l'ensemble.

DE Feinsteinzeug der neuesten Generation, hergestellt von den besten italienischen Industrien, steht im Mittelpunkt unserer Badmöbel.
Der Verzicht auf Griffe ist heute eine Wahl, die das Material hervorhebt: ein großer Schritt hin zu einem neuen, klareren und linearen Erscheinungsbild.
Die grifflose Öffnung mit 45°-Verarbeitung bietet mehr Bedienkomfort und eine moderne Ästhetik.
Die Abdeckplatte aus Feinsteinzeug mit integriertem Becken und schrägem Ablauf rundet das Gesamtbild ab.

www.batex.it

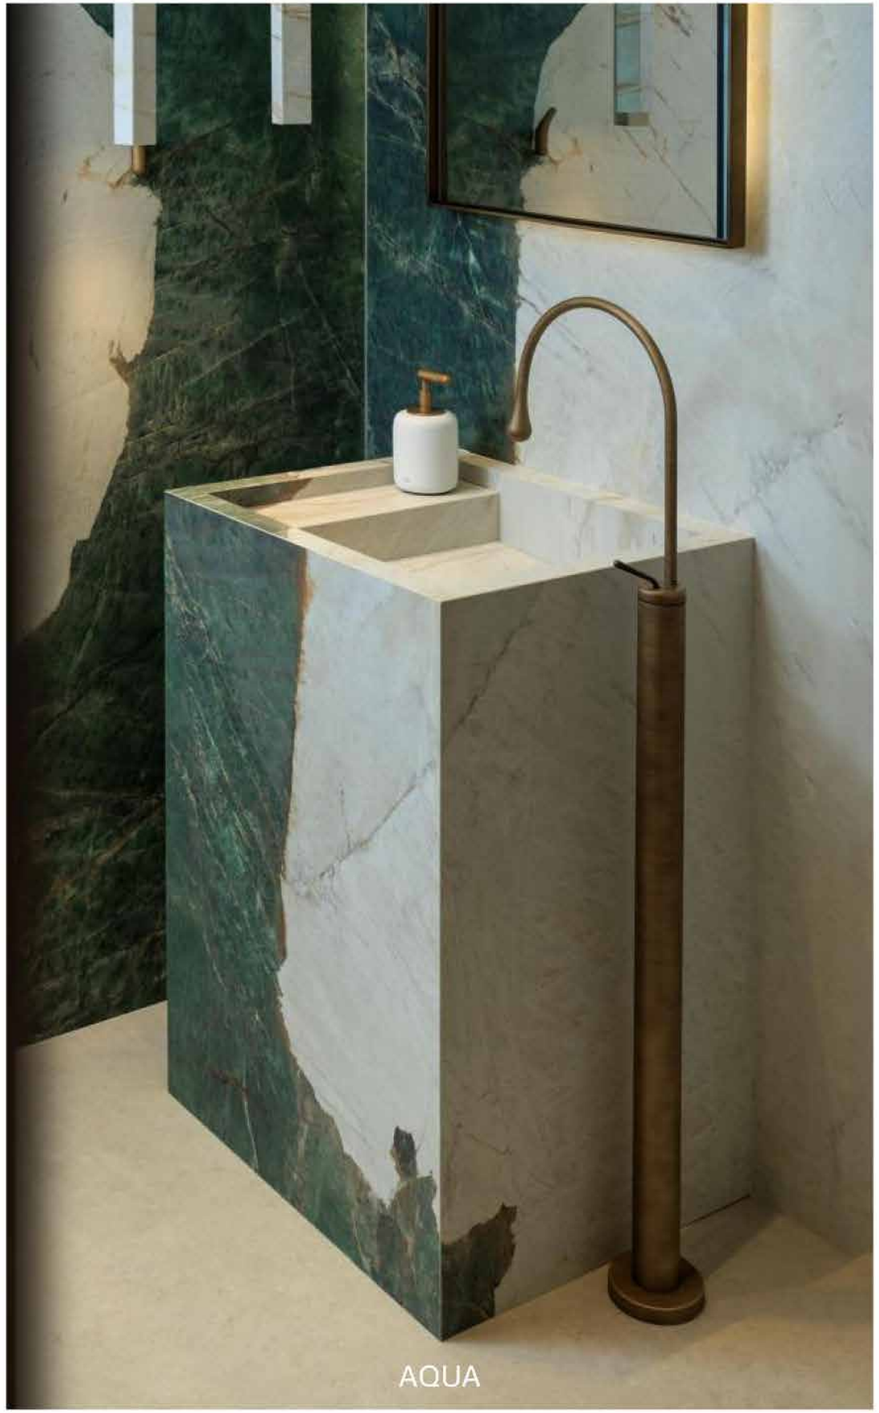

BRECCIA

It is the latest generation ceramic stoneware, produced by the best Italian industries, protagonist in our bathroom furniture.
the absence of the handle is lately a choice that enhances the material, it is a big step that brings the cabinet to a new, cleaner aspect and linear groove opening with 45 ° machining offers more comfort of use and a new aesthetic appearance and top in ceramic stoneware with integrated slide basin.

CALACATTA

AQUA

TRAVERTINIO ROSSO
